

## 200 Words:

The Idaho Green Expo presented by Exergy Development Group is coming back to the Boise Centre Mother's Day weekend, May 8th and 9th. The event is free to the public and offers information and fun for the whole family.

Some Highlights include:

- Over 140 Exhibitors!
- 40 Free Workshops- A variety of interesting learning opportunities from "Urban Beekeeping" to "Home Energy Audits".
- "A 2020 Vision"- An hour long multi-media presentation that will give us a glimpse of what Idaho could look like in the year 2020 if we implement green choices now.
- "Growing Green Jobs"- How can you prepare yourself for a career in this new green economy? Find out by attending two panel discussions and visiting a room dedicated to Growing Green Jobs.
- "Eco-Kids"- A fun outing for the whole family which connects young people to the environment and nature.
- "Green Within" –A room dedicated to empowering us to make healthy decisions that impact our moods, our general health and our healthcare decisions.
- A special something for mom's on Sunday...The first 500 mom's will receive a free Idaho Green Expo reusable stainless steel drink container!
