FOR IMMEDIATE RELEASE

The Idaho Green Expo Coming Mother's Day Weekend to Boise Centre...

The Idaho Green Expo is coming back to the Boise Centre this Mother's Day weekend, May 8th and 9th. The Expo is produced each year by [GreenWorks Idaho](http://GreenWorksIdaho.org) in collaboration with the City of Boise and the U.S. Green Building Council. Many other businesses, non-profit groups, concerned individuals and government agencies also contribute to the Expo with the aim of promoting sustainable products, services and behaviors in Idaho.

The Idaho Green Expo is free to the public and offers information and fun for the whole family. Some highlights at this year's event include:

A 2020 Vision: Looking Forward Ten Years to a Sustainable Idaho - Come view a fascinating multi-media presentation that will help us all envision what Idaho could look like in the year 2020.

Growing Green Jobs - What are green jobs? How can you prepare yourself for a career in this new green economy?

Eco-Kids - An awesome outing for the whole family! Booths will be staffed by agencies, organizations and individuals dedicated to the environment – and to connecting young people with nature.

Green Within - Empowers us to know more about how to live in harmony with Nature - how to breathe, move, rest, drink, eat, and heal.

Plus attendees can explore over **120 Exhibits** and take part in free **Workshops** covering a wide variety of topics throughout the weekend.

We even have something special for the first 500 Mom's attending on Sunday - a free Idaho Green Expo reusable stainless steel drink container.
